Professional Team

We offer an effective team that is highly trained and experienced who work together to offer expertise, enthusiasm and professionalism. First Aid and CPR, Professional screening required before they are employed with us. Staff members are at least 19 years old and must have experience / education.

Intense Training

In addition to their personal education, experience and training we offer the following during our two week orientation: Team Building / Strengthening, Explanation of Club Policies and Procedures(including Daycare Standards and Public Health requirements), The Importance of the Developmental Assets to ensure our programming is purposeful and fun, Leadership and Activity workshops and Positive Child Guidance.

Developmental Assets

Firmly supported by extensive research in youth development, resiliency, and prevention, the Developmental Assets represent the relationships, opportunities, and personal qualities that young people need to grow up healthy, caring and responsible. Various studies show that more than 2.2 million young people in the United States consistently demonstrate that the more assets young people have, the less likely they are to engage in a wide range of high-risk behaviors and the more likely they are to thrive. The Boys and Girls Club strives to introduce asset development into all of our programs.

Appealing Camps

Our themed based camps are carefully planned by knowledgeable programming staff to reflect the various interests and needs of our children. Your child/ren may choose to attend all exciting weeks or simply a number of their favorites.

Great Variety of Weekly Activities

Expect a field trip, special guests, swimming and/or water games, recreation opportunities, social experiences and ice breakers, group huddles, sing- a- longs, arts and crafts, creative opportunities, team building, board games, self exploration and more. Our goal is to provide a nice balance between structured and unstructured time while enjoying the season of summer in our safe and supportive environment. Our means of transportation is by bus with Trius.

Opportunities for Swimming

Skyline Acres: Each week children at the Skyline Facility will visit Queen Square for swimming on Fridays as an additional outing. Also, during the week, they will visit the neighbourhood wading pool on hot days or play water games when they need to cool down.

Devon: Children at the Devon facility will also swim regularly at the pool attached to the building. They will also make trips to their wading pool and play water games as well.

Fees and Special Rates

Regular Weekly Rate: \$120.00 for the 1st child - \$115 for each additional child. Register for 9 weeks and receive the tenth week for free.
